

CELEBRATION NIGHT

Get your snacks ready and join us for the Celebration Night online event

Our annual Celebration Night is fast approaching. This annual event features student performances and award presentations.

We are excited to announce that you will be able to watch Celebration this year in the comfort of your own home alongside your child whilst being able to share the link with relatives and friends. You will be sent details about the livestream link in Week 9.

There are two Celebration evenings;

- **Junior School | Tuesday 8 December | 6pm**
- **Senior School | Wednesday 9 December | 6pm**

Students receiving awards will be presented with their awards on the day of Celebration and it will be streamed online in the evening. Our theme this year is "In This Together" and all of our students have been involved in filming for many of the videos and performances that will premiere on those evenings so please make sure you stay tuned for more details about Celebration.
