

YEAR 5 ARE DEVELOPING A 'GROWTH MINDSET'

5W have done such an amazing job at finding their feet in the first few weeks of Term 1.

We have spent some time this term learning all about 'Growth Mindset' and why it is important to have 'positive self-talk'. We are learning the value of celebrating our talents and the characteristics we like about ourselves. This will help keep a positive, growth mindset when faced with challenges.

5W celebrated these characteristics by creating some bright and colourful 'I AM' artworks.

Well done for an amazing start to the year!

Miss Ashlea Wotton

Junior School Teacher - Year 5W
