

## YEAR 5 ARE DEVELOPING A 'GROWTH MINDSET'

**5W have done such an amazing job at finding their feet in the first few weeks of Term 1.**

We have spent some time this term learning all about 'Growth Mindset' and why it is important to have 'positive self-talk'. We are learning the value of celebrating our talents and the characteristics we like about ourselves. This will help keep a positive, growth mindset when faced with challenges.

5W celebrated these characteristics by creating some bright and colourful 'I AM' artworks.

Well done for an amazing start to the year!
