

## 2021 TALENTED ATHLETES PROGRAMS AND DEVELOPMENT PROGRAMS

**There was much excitement as our Talented Athlete Programs commenced last week.**

The afternoon Development programs in Football (soccer), Basketball, Dance and Classical Ballet were well attended and we still have a few vacancies in some of our afternoon programs.

The Advanced Pathway Programs in Basketball and Football have selected their squads and training has commenced. These programs are designed for representative players. If you missed the trials for our Secondary Basketball and Football programs and are keen to apply, please complete the enrolment form and we can arrange an additional trial.
