SUCCESS AT NASSA BASKETBALL

Our representative boys and girls basketball teams competed in the NASSA Basketball Gala Day with great success.

Both teams were undefeated as they faced our final opposition from St Luke's. The boys game was a great battle as both teams displayed strong skill and talent, but our boys were never in doubt as they broke through the oppositions defence time and again to lead them to their final victory. They won the day and each earned a medal to keep as a reminder of their success.

The girls team faced a strong opposition and, although they demonstrated great composure and resilience, St Luke's were able to find the basket more often and ultimately brought our winning streak to an end. The girls are to be commended for their outstanding attitude displayed in every game we played. They never gave up and played as a team, passing the ball and each playing a role in our wins.

A special mention must go to Max, Panashe, Liana and Jewlius who were selected from all the players in the event to trial for the next level of competition, the CIS team.
