

YEAR 5 AUTHOR VISIT

Last Friday prolific and popular author, Deborah Abela visited our Year 5 students.

Deborah trained as a teacher before becoming writer/producer of a national children's TV show at Network TEN. Since then, she has become an internationally published and awarded author of 26 books including her climate change trilogy, *Grimsdon*, *New City* and *Final Storm*. Her family's survival in WW2 and migration to Australia inspired *Teresa A New Australian*. *The Stupendously Spectacular Spelling Bee* and *The Most Marvellous Spelling Bee Mystery* were inspired by her

grade 4 teacher. Her picture books are, *Wolfie, An Unlikely Hero and Bear in Space* (2020). Deb's won awards for her work but mostly hopes to be as brave as her characters.

As always when Deb visits our College, the students are always inspired in their writing and reading.
