

WIN A GUITAR COMPETITION

During music studies in Year 7, our students have the opportunity to learn introductory techniques about how to play the guitar.

This is a fun program that allows all students a chance to experience this versatile instrument. This year, we had the added bonus of being able to offer our students the chance to WIN AN ACOUSTIC GUITAR! Thanks to Musica Viva,

an Australian company that arranges music concerts for schools all around the country, they kindly donated us a guitar to go to the home of a student that doesn't have access to a guitar, but would love to learn. The high school music teachers selected 5 finalists, and the lucky winner, who performed her own original composition on the guitar, was **Nora M!!!** Congratulations to Nora, and also our other finalists; Mila M, Joshua S, Krish S, Nikola P.

Mr Byron Mark

Director of Ensembles
