SUBJECT SELECTION 2022

Our Subject Selection website for students in Year 8 and Year 10 is now live!

We are always looking at new and innovative ways that we can assist our students and parents. At this time of year we would have had some time with the students in the Auditorium to talk through the subjects on offer as well as a parent information session. So we have been working hard on creating two new platforms for Subject Selection. This is a great way for our students and families to have a look at the subjects on offer and read about them.

You can log on by going to thac.online and using the password 'thaconline'.

This will be followed by a live webinar on Thursday 29 July.
