

SUPER STARS IN PREP PURPLE

Prep Purple have been super stars learning from home via See Saw.

I have been so impressed by what they have been doing with their families. Here is a snapshot of what they have had fun doing!

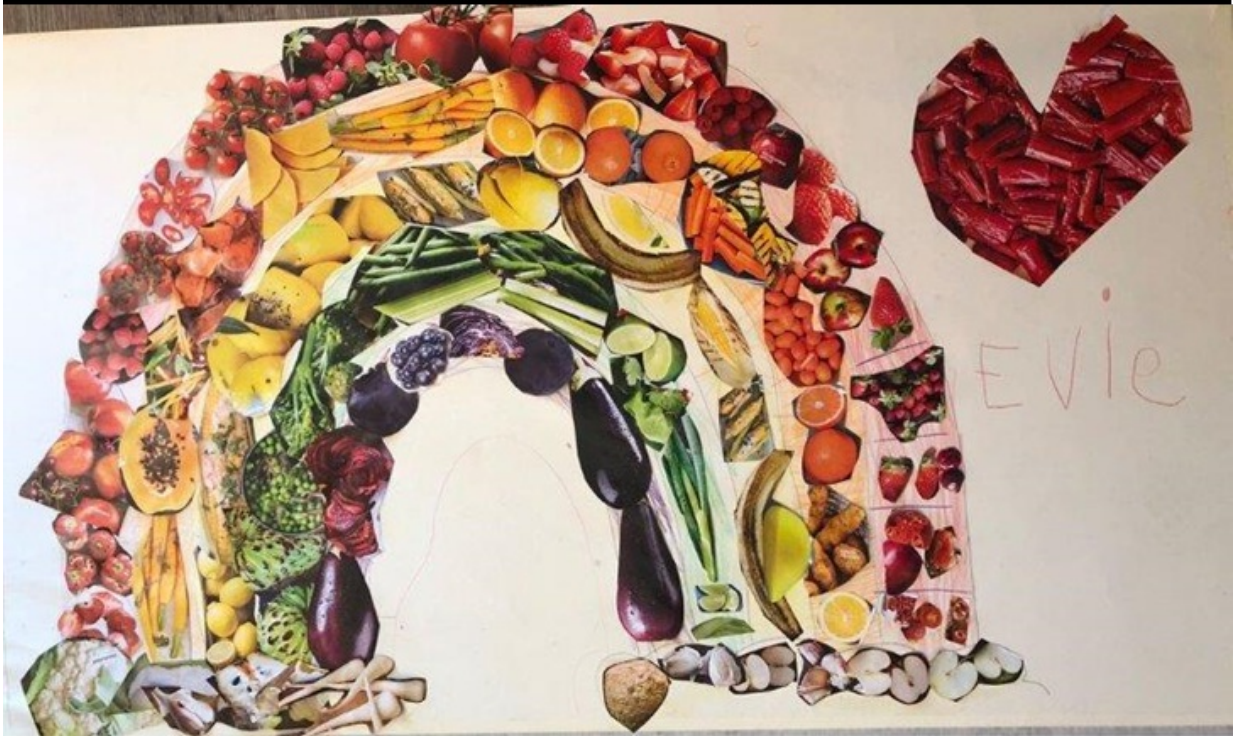

We have been learning about how important it is to fuel our bodies with fruit and vegetables and eating from the amazing rainbow of colours.

We have had fun, including my own children and I, using chalk and enjoying the fun aspect of learning outside!

Bronte enjoyed creating this rainbow collage and did an excellent job!

Evie R made this rainbow collage – I especially like her heart shaped sun

**Belle had fun drawing zig zag lines to create a race track.
We are always working on improving our fine motor skills...so much fun!**

Harleen enjoyed eating this rainbow made of yummy fruit!

Stefan has been working on his name and I loved how he used bubble wrap to make corn kernels whilst learning about the letter/sound c. I am so proud of his efforts!

Keep up the brilliant work Prep Purple!

Mrs Nicole Scipione
