SENIOR CONCERT BAND

MUSIC MUSIC MUSIC

Music students continue to participate in their co-curricular music ensembles through attending zoom session rehearsals after school with their ensemble conductors and accompanists. It has been a great way to encourage students to continue their practice routines at home, and provided small goals to work towards during this time. Here we see a sample of the Senior Concert Band at the end of their rehearsal this week - some exciting online performances coming your way to for your entertainment - watch this space!
