

## IT'S WHISK-IE BUSINESS IN THE KITCHEN

### **Year 4 is zooming for a weekly cooking segment.**

As a fun way to end the week, Year 4 and their families are getting Whisk-ie in the kitchen. We Zoom together, have some fun and make two delicious recipes - no baking and no knives needed.

Students and families are given a list of ingredients. At the beginning of the Zoom, we guess what we are going to be cooking before we get started.

Last week was our first week and we had so much fun making Oreo Balls and Pick Up Trucks.

If you would like to be involved in Whisk-ie Business, but you aren't in Year 4, send an email to [ahackfath@thac.nsw.edu.au](mailto:ahackfath@thac.nsw.edu.au) and we will send you the ingredient list and the Zoom link.
