

INTERMEDIATE STAGE BAND

Everyone's a Star!

With online learning back in full swing, it has been great to re-connect with our students for music rehearsals again. After school, students take a small break, and then join a Zoom session with their ensemble conductor to continue learning new repertoire and exercises to develop their instrument technique and theory.

Here we see the Intermediate Stage Band jamming away at a new song they have just started to learn called 'ALL STAR', which actually features in the Shrek movie. With the production of our new school musical 'Shrek' starting very soon, the students are excited to learn this fun, up-beat song to get in the spirit of the musical. The students did a great job at sight reading their parts, and they look forward to when they can play music together again in the future.

Well done everyone!

Mr Byron Mark

Director of Ensembles
