

JUNIOR CONCERT BAND

Mechanics of Music

Over the past 2 weeks, the Junior Concert Band has started to learn a new piece of music called 'MECHANICAL MONSTERS'.

Within 2 weeks, they have finished learning the piece already!! The students are doing well in

keeping up with their practice during lockdown, and they are now ready to start another new piece next week. Whilst students return to school this week, ensemble rehearsals will remain online via Zoom as current restrictions unfortunately do not allow for ensembles or singing to take place at the moment.

We look forward to the time in the very near future where we can make music all together once again! Thanks to all the parents and teachers who have been supporting the students musical development during this time.

Mr Byron Mark

Director of Ensembles - Creative Arts
