

3G CRAFT

Since returning to college 3G have been reading 'The 13-storey Teehouse' by Terry Denton and Andy Griffiths.

We have been working hard on designing our own dream rooms for our own 3G treehouse.

Some rooms include a gingerbread house, a chocolate swimming pool, a chicken nugget tree, a

bunny rabbit room. Students who are learning at home are crafting their own rooms to add to the treehouse on their return.
