

THE WAY

HASSLE STREET FILM CLIP

Hassle Street Film Clip

Even though our ensembles are not able to perform together at the moment due to Covid restrictions, our Senior Stage Band enjoyed the opportunity to be involved in making a film clip for their debut single release for their upcoming album. The song 'Without You' was composed during lockdown to enter the Triple J Unearthed High competition. From this experience, the students have been encouraged to continue their songwriting skills and are working towards creating an EP of all original music. The College AV team is very professional and our students are fortunate to experience this process with an amazing team of staff.

The film clip will be released at our Senior Celebration event at the end of term. Here are some photos from the film shoot - stay tuned for more information from our originals College band 'HASSLE STREET'!

Mr Byron Mark

Director of Ensembles
