

## COLLEGE APP

## Do you have the College App?

The College App allows you to easily see your child's timetable, calendar of events, provide permission for excursions and give a reason for any absences.

It is also the key way for the College to communicate with you important information.

Please refer to <u>this link</u> for all the details on how to download this app.

The Parent Student Handbook is also now available to read on the College App. Click on 'More' then the Parent Student Handbook link.
