HOLIDAY PROGRAMS

We have some great holiday programs available for the upcoming school holidays.

Football Program - 19-22 April
The College is excited to host our Football Program in the upcoming holidays for students at Thomas Hassall Anglican College, their friends and family.

Students will be involved in activities that develop skills and promote understanding of the game. The daily training will be designed to improve the skill level of each individual.

Our Football Director, Mr Sonny Makko will be leading the program.

Find out more on the Football Flyer. For bookings, please visit www.thac.nsw.edu.au/book. For any questions please contact juniorfootball@thac.nsw.edu.au

OSHClub
There are some exciting days planned during the April Holidays at OSHClub. From going around the world, to a movie mania day, it is sure to be fun for students.

Find out more on the OSHClub website.

CodeCamp

The program will be running at the College from 11-13 April from 9am - 3.30pm.

Ages 7-12 Program: Spark
New to Spark, code and create your own DC Super Hero game! Choose from DC favourites BATMAN, WONDER WOMAN and SUPERMAN, and build an adventure app using character themed backgrounds and collectibles to bring it to life.

Ages 8-13: YouTube Creators
YouTube Creators Camp is for the vloggers, gamers and budding content creators! Kids aged 8 - 13 are invited to harness their creativity and join us for days of planning, storytelling, shooting and video editing. While we can't promise YouTube Stardom, we're sure kids will leave with a new lens on-screen time… let's get them producing and directing their own ideas instead of simply watching other peoples!

Ages 9-13: Drone Camp
Code Camp has exclusively licenced the brilliant US-based Drone Legends, the coolest intersection of STEM learning and fun. Kids get a taste of cutting-edge technology and learn about coding, problem-solving, engineering, design, and more!

Copyright Thomas Hassall Anglican College. All Rights Reserved. 125 Kingsford Smith Ave, Middleton Grange NSW 2171

Working in teams they will code their flight path and watch in wonder as their drone takes off, then navigate through an obstacle course designed by them.

This program is also eligible for the Creative Kids $100 rebate.

To register, visit their website
