

CIS NETBALL TEAM

On the 6th of May, Ella W in Year 6 attended the Combined Independent Schools (CIS) Netball trials.

There were 100 players from 11 different districts, Ella represented NASSA and Thomas Hassall Anglican College.

Ella's outstanding skills demonstrated throughout all the games resulted in her progressing to the next stage of the day which was Possibles and Probables.

30 girls then went on to play another 40 minutes of netball, making the selectors decisions very difficult.

At the end of the day, Ella was successful in making it into the CIS Primary Netball team. She will go on to compete at the All Schools competition with the potential to make it into the NSW PSSA netball team to compete at a national level.

We wish Ella all the best in her training and trials.
