

FROM THE DEPUTY PRINCIPAL & HEAD OF JUNIOR SCHOOL

The College uniform brings us together as a team and a community

The College uniform distinguishes our students from other schools and builds a sense of belonging at Thomas Hassall.

Next week we will be talking about unity and how the uniform brings us together as a team and community. Also, wearing the uniform is important for safety reasons, demonstrating respect for expectations and keeping the focus on learning. The students will be playing 'spot the difference' as a fun way to engage with the uniform expectations at College and to wear the uniform with pride. I've included one below – can you spot the differences?!
