

YEAR 5 DEVOTIONS

Our daily Devotions time is an important opportunity for students to interact with the Bible, reflect, and ask questions.

In Devotions, we deal with some of the bigger themes and concepts to do with life, God, wisdom, relationships and purpose.

In order to tackle topics that may be more gender-specific, the Year 5 cohort is split into boys and girls groups each Thursday morning. Students are encouraged to ask their own questions, either during the session or via an anonymous 'question box'. Teachers can then address these and encourage the students to consider the relevance of God's Word to their everyday lives. Oh, and we try to have a bit of fun along the way too!
