

THE WAY

BASKETBALL GALA DAY

A great day for our Thomas Hassall students in the APP Basketball Program who travelled to the Northern Beaches to compete in the NASSA Gala Day.

In a very tight competition, the girls did well to place 1st in their pool and then play off in the semis against Macarthur Anglican before facing the very competitive St Luke's. Although they did not get the outcome they were hoping for they did extremely well to place 2nd overall and very excited to compete against next year.

Our boys team fought hard to the end, after placing 2nd in their pool on count back, to face their longest standing rivals, St Luke's. A tough game and after 5 years, they had won their semis and went to the grand final against Illawarra Grammar. Although the boys did not get the outcome they were hoping for, it was a great day to compete after a few years of missing out on events.
