

YEAR 10 VISUAL ARTS

Year 10 Visual Arts have been looking at street and installation art this term.

As part of this unit of work, the students developed a concept for an installation work that was then displayed around the College. The work involved having small, cropped images of staff and students' eyes displayed around the exteriors of some of the Senior School buildings. The work

was titled 'Have you found yourself yet?' and aimed to get the students and staff at the College to engage with art as being bigger than a painting on a wall. Students and staff interacted with and took ownership of the work as they tried to 'find themselves' amongst the images as they walked from class to class. This artwork encouraged the College community to have some fun, appreciate a different type of art, while also prompting them to think about their identity and what makes them who they are.

Congratulations to Year 10 Visual Arts for putting what they have learned into practice!
