

ANIME AND MANGA CLUB

For the last meeting in 2022, the Anime and Manga Club held a 'Cardboard Cosplay' battle.

Cosplay is when fans dress up in costumes and make-up, representing their favourite characters from anime, video games, television and film.

The challenge was to build the most original and unique Mecha (*large armoured robot*) suit in 20 minutes. The Mecha genre is a popular genre here and in Japan. The winning team would win bags of chocolate!

Both teams did a great job, creating two original and creative robot battle suits!

If you love Japanese culture, Anime and Manga, make sure you come along to the club next year! It is held during Tuesday lunchtime every two weeks in N2.
