

# THE WAY

## FROM THE DEPUTY PRINCIPAL & HEAD OF JUNIOR SCHOOL

**Term 2 has been a magnificent term of learning in the Junior School.** It has also been a great joy to see so many families attending a range of events. We will continue to bring the community together in Term 3 with events such as Fathers' Day and the Southwest Festival.

These events have been uplifting times when we've felt the benefit from that extra boost - to see the children perform on stage or celebrate a special occasion. We want a brighter future for our students and on that journey we do well to come together, enjoying life at the College on our beautiful campus. We also encourage you to connect with other families too. Coming along to the Parent Café on Friday mornings is a great opportunity for this and I hope to see you there.

This week our Year 5 students showcased their findings on a science project with parents. Students were given an independent research task to write an inquiry question about space. They were able to present their findings in a creative way of their choosing. There were so many great submissions including dioramas, videos, power point presentations and posters. Well done Year 5.

Next Week we will be celebrating UNITE Week. This is a great opportunity for our College Community to celebrate cultural diversity. We look forward to seeing students in their cultural attire next Friday. Detailed information has been posted via a Broadcast.

Our Junior School Assemblies have been taking place on Fridays. This has been a chance to recognise student achievement and for classes to share their learning with parents. We hope you have enjoyed coming along to these. They will continue in Term 3.

Thank you for your commitment and involvement in your child's journey this term.

Have a safe and enjoyable holiday break.

**Mrs Sandy Wheeler**  
Deputy Principal & Head of Junior School
