

AMAZING ME WITH YEAR 6

Year 6 were thrilled to welcome Rowena from 'Amazing Me' who came to share an exciting lesson on puberty with our entire grade. During this special session, we delved into a brief introduction about puberty, understanding what it is, why it occurs, and how it happens. Most importantly, Year 6 discovered the incredible and wonderful aspects of ourselves and our bodies. It was a fantastic opportunity for students to learn and embrace the changes that come with growing up!
