

EXPLORING OUR IDENTITIES IN YEAR 3

Throughout this term, Year 3 have been exploring our identities through Visual Arts.

We know that we are all uniquely made in the image of God. He has given us each our own personalities, skills, likes and dislikes. We have explored our hands and fingerprints, learning that no two fingerprints are alike. We have discussed many of the qualities that we share and those that make us different. Using the elements of Art (line, shape, texture, form, space, colour and value) students have created some amazing artworks. We love that each work of Art is just as unique as we are!

Mrs Christine Ross

Primary Teacher - Stage 2 - 3R Year Leader - Year 3
