

YEAR 4 CAMP

Year 4 travelled to Wedderburn Christian Campsite 2 weeks ago to experience outdoor education, challenges and personal development.

The wonderful staff at Wedderburn have designed these camps to be packed with fun activities, learning of new skills and leading young people to get out of their comfort zones and to teach the students about life.

The Year 4 teachers and staff were delighted to see so many students overcome challenges and build resilience. This is what one student wrote about their camp experience:

Last Monday, the day we arrived at camp I made lots of new friends. They were very nice and I was really happy. I barely didn't know them before but we worked as a team and started getting along. My favourite activity was rock climbing. The first time I saw the rock wall I was very scared but I persisted and gave myself a challenge. I was very proud of myself that I challenged myself and persisted through all the things I couldn't do. I had the best time in my whole entire life. It was so fun that it is still stuck in my small brain. - Juanita Year 4.
