RETURN & EARN INITIATIVES

Some Senior Students had the privilege of visiting the NSW Return & Earn HQ in Eastern Creek. Their team heard about what we currently do at Thomas Hassall, and asked our students to take part in a pilot program they are hoping to launch in schools to get more Return & Earn initiatives going. They also asked if our students could present to their key team which included their General Manager about our Return & Earn program here at College.

Their team were very impressed with the presentation and how well the students conducted themselves in a professional setting.

Mr Mason Schrack

Coordinator of Student Growth and Welfare - Senior School
