

CRUFIT TRAINING

On March 8, some of our College students had a fantastic day at a special event with Penrith Anglican College and William Carey College. Around 50 students joined in for a fun Crufit training day where they learned about faith in a unique way.

They used PC games to teach important lessons about the Gospel. For example, they compared sin to someone else ruining a world you had made on Minecraft, which the students really understood. They also explained eternal life using the idea of getting a bonus life in a video game that never ends – simple but effective.

What was really special about this event was how they combined interactive games with Bible lessons. It wasn't just someone talking at the front; it was a creative mix that made learning fun and memorable.

As I watched, I was reminded of God's grace and kindness, especially by Psalm 103, which talks about how much God loves us and forgives our mistakes.

*God does not treat us as our sins deserve or repay us according to our iniquities.¹¹
For as high as the heavens are above the earth, so great is his love for those who fear him;
12 as far as the east is from the west, so far has he removed our transgressions from us.*

Psalm 103

Overall, it was a great afternoon for students to learn about God and make friends with others who share their faith. It was truly a blessing to be a part of it.
