## CASA NETBALL

**The CASA netball gala day was a great day for our under 15s and opens girls to compete against other schools within our region.** Both teams displayed great sportsmanship and good development understanding of netball skills, it was a tough day but by the end the girls gelled well together in the semi finals. After all the round robin games, Milly G and Ella W were selected for possibles and probables to play in a series of games to make represent CASA at the AICES gala day. Congratulations to Ella W who was successful in making the under 15s team and will represent the college and CASA, we wish her all the best.
