

SCAVENGER HUNT IN THE JUNIOR LIBRARY

This term the Junior Library held a scavenger hunt. 12 book characters were hidden in the library with a letter, that together when unscrambled would form a secret message. Lots of students participated in this competition, searching all over the library during recess and lunchtime for these hidden characters. The following students were the first to find them all and unscramble the secret message "Reading Rocks." They each won a brand new book of their choice!
