

YEAR 9 HISTORY MAKE A WEBSITE

Our Year 9 Extreme History students have been studying the construction of history in film, through case studies in *Gladiator* and *Forrest Gump*.

For a recent Assessment Task, students had to select a historical film and write a detailed review, including assessing the historical accuracy of the production.

Their reviews were of a very high standard, and demonstrated fantastic skills in historical analysis.

Mr Mills' class have published their excellent reviews to their very own website – if you are interested, why not check them out.
