

# THE WAY

## FROM THE ASSISTANT CHAPLAIN

### **How often do you take a moment to sit in awe of the world around you?**

I have loved that spring has sprung and we've enjoyed some much needed sunshine and warmth. It's as if this season has invited me to reflect on the beauty of God's creation with the beautiful blue sky and vibrant fresh flowers - a new season, a new beginning.

Lamentations 3:22-23 says

*"Because of the Lord's great love we are not consumed, for his compassions never fail. They are new every morning; great is your faithfulness."*

God's Word, tells us we can be reassured that God's compassion and mercy is steadfast. He promises new beginnings and fresh starts through the great hope in Jesus, not just every season of spring, but every morning.

Is this something you've pondered on before or been pondering on for a while?

Either way, can I invite you to keep pondering and keep investigating who Jesus is and the great hope he brings to all people. See what the Bible has to say and the welcoming gift of grace God offers.
