

ILLUMINATE

Last Wednesday night, we celebrated the Year 12 Major Works across Visual Arts, Design and Technology, Timber, Society and Culture, History Extension 1, English Extension 2, and Music. The evening honoured the dedication and creativity of our students and teachers, showcasing impressive projects that reflected months of hard work.

Parents and guests enjoyed engaging with the students, discussing their concepts and processes, and were impressed by the high standard of work on display.

We are proud of our Year 12 students and grateful to the staff and families who supported them.
