

THE WAY

COLLEGE UNIFORM REFRESH

In response to feedback from parents, students and staff, the college has been working with our supplier, Midford, to make some changes to the college uniform for 2025.

This refresh introduces shorts for our Year 7-10 boys as an option in the summer months and the choice of pants for our K-12 girls. In bringing in these changes, a few other items have needed to be amended or made obsolete. We have kept the changes to a minimum and will have a considerable changeover period to ensure there is not a financial burden for our families.

Please click on the [link](#) to see all the details for your child/ren's year group.

Stock Arrival Date

The new **summer** items are in transit and are expected to be available in early December. We will write to all our families once the items are available both in-store and online. Midford are already anticipating a larger number of customers over the Christmas holiday period and will be adjusting their store hours accordingly.

Uniform Policy Update

Given the changes to some items of clothing, we have also taken the opportunity to update the College Uniform Policy. The 2025 Uniform Policy is available via the [Parent & Student Handbook](#).

If you need any further information regarding the changes, please contact the Administration Office (9608 0033 or admin@thac.nsw.edu.au).
