KINDY - YEAR 2

## PERFORMING ARTS IN KINDERGARTEN

**Kindergartners learning music, drama and dance during 2024 has been such a joy to experience.** We saw students' confidence and young minds challenged and grow. What a change in a year!

This term, students explore drama and performance through The Christmas Story. They are taught the story using a variety of modes and then perform to their class using movement, space and objects. My scarves and beach towels had a good work out.

When teaching Kindergarten I have found it is important to expect the unexpected - such as one 'Joseph' running away with the gold, frankincense and myrrh under his cloak calling "Baby Jesus doesn't need it!"

I hope you enjoy these pictures as much as Kindergarten enjoyed dressing up and performing.
