Poetry

### POETRY WRITING IN YEAR 4

**This term, Year 4 have been learning about poetry.** We hope you enjoy a sample of our original creations.

#### **FOG**

Slowly drifting through the air,  
Blinding anyone who sees it.  
It creeps up on you like a spider,  
Sucking all the warmth and happiness,  
Spreading fear like the wind,  
Making everything cold and sad....  
But suddenly, it's gone!  
And you feel warmth and happiness again.

#### **Candle**

A flickering light blurs around me,  
Shuns the darkness so I can see.  
Unknown objects cast a shadow,  
Hiding things down below.  
Suddenly, I'm plunged into the void,  
The candle is out. I feel destroyed.

## **Tsunami**

The waves are washing down, and people are screaming for help,  
A lost dog notices and gives a startled yelp,  
An abandoned baby, lies wailing and crying,  
Looking for land, the seagulls start flying.  
Even the luckiest boats get caught by the water,  
Like a devastating hunter, whatever it catches, it slaughters.
