POETRY WRITING IN YEAR 4

This term, Year 4 have been learning about poetry. We hope you enjoy a sample of our original creations.

FOG

Slowly drifting through the air,
Blinding anyone who sees it.
It creeps up on you like a spider,
Sucking all the warmth and happiness,
Spreading fear like the wind,
Making everything cold and sad....
But suddenly, it's gone!
And you feel warmth and happiness again.

Candle

A flickering light blurs around me,
Shuns the darkness so I can see.
Unknown objects cast a shadow,
Hiding things down below.
Suddenly, I'm plunged into the void,
The candle is out. I feel destroyed.

Tsunami

The waves are washing down, and people are screaming for help,
A lost dog notices and gives a startled yelp,
An abandoned baby, lies wailing and crying,
Looking for land, the seagulls start flying.
Even the luckiest boats get caught by the water,
Like a devastating hunter, whatever it catches, it slaughters.
