## Change to the College Football Program for both boys and girls

The introduction of the Sports Academy this year has resulted in changes to the College's representative football program structure. While participation in the morning Football Elevation program is no longer a requirement to represent the College in IPSSO or Year 5 and 6 CASA teams, we encourage students to take part. Engaging in the morning Football Elevation program can enhance student's skills and improve their football knowledge.

Trials for the Sports Academy Football Elevation Program will occur on Monday 10 February - 7.10am - 8.10am and students need to register through the Sports Academy Program to trial. Participation in the Sports Academy Program is independent of IPSSO and CASA teams.

Students who choose to participate in the morning or afternoon Sports Academy programs will still need to trial for IPSSO or CASA teams if they wish to represent the College.
