

YEAR 7 CAMP DEER PARK

Year 7 recently embarked on their first Senior School camp at Deer Park, Port Hacking—an adventure filled with teamwork, challenges, and new experiences. From dragon boating and sailing the Hacking River, to learning bush survival skills and indoor climbing, students pushed their limits, built resilience, and supported one another through just about every activity. A highlight for many was the chance to cook and prepare meals for their peers and teachers, adding a fun and productive twist to the experience. It was an unforgettable few days, leaving everyone excited, energised and ready for the year ahead!
