

NEW FAMILIES MORNING TEA

Last Friday morning, we had the pleasure of welcoming families who have recently joined our College community, with students starting in Years 1-6 and 8-12. The event provided a great opportunity for parents to meet key staff members, learn more about College life and connect with our Parent Community Network.

Families enjoyed a relaxed morning over coffee and breakfast while getting to know other parents who are also new to the school. We appreciate everyone who attended and look forward to seeing these families become an active part of our school community.
