YEAR 6 TRANSITION

Our Year 6 students began their transition program . This program prepares the students with the skills needed to make a positive and successful transition from Year 6 to Year 7. It is also a great opportunity for our students to become familiar with Senior School teachers, learning spaces and subject expectations.

Over the course of the next three terms, students will engage with Science, Japanese, Visual Arts and History. They will complete these subjects in various Senior School learning spaces, such as the new STEM building, specialist classrooms, and N Block, the home to the Senior School IRC.

It’s a wonderful opportunity for our students and teachers to develop connections before Year 7 starts, and it’s fantastic to see the enthusiasm for learning that our Year 6 students bring to the classroom!
