The Victor Chang School Science Awards

THE VICTOR CHANG SCHOOL SCIENCE AWARDS

Congratulations to Adrian Z in Year 11 on receiving the prestigious Victor Chang School Science Award for 2025.

Established in 2004 in honour of pioneering cardiac surgeon Dr Victor Chang, the Award recognises gifted students in science and encourages interest and growth in the fields of science, technology, engineering and mathematics (STEM). Each year, students are nominated by their teachers for their tenacity, curiosity, and commitment to their studies in areas such as Biology, Physics and Chemistry.

Adrian was presented this award during a special ceremony at ANSTO, Lucas Heights, along with 30 other students from Southern Sydney. To be among this select group is a remarkable achievement, and we are very proud of Adrian for representing Thomas Hassall Anglican College with distinction.

Congratulations, Adrian.
