2026 STATIONERY PACKS

We are pleased to share that our College has partnered with WINC, our major stationery supplier, to provide an easier and more convenient way for families to purchase stationery for students in Years 7-10 for 2026.

Through the WINC online platform, families can now access pre-curated stationery packs that meet the specific requirements for each year group. This collaboration aims to simplify the back-to-school process and ensure students are fully equipped for the year ahead.

You can view and order stationery packs by clicking the button below and entering the access code:

[2026 STATIONERY PACKS](#)

Access Key: **5RR9T**

The site will remain open until **28 February 2026**, and families are encouraged to place orders early to avoid delays during the busy back-to-school period. Free shipping is available until **5 December 2025 for orders over \$60**, after which a delivery fee of \$16.95 will apply.

While this service is optional, it provides a convenient option for families wishing to purchase all necessary stationery items in one place. Please allow a few weeks for delivery during peak season to ensure orders arrive in time for the start of the school year.

Our standard stationery lists for Years 7-10 will also be uploaded to our College website shortly.

Please note that there are no stationery lists for Years 11-12.
