

THE WAY

Term Four IN YEAR 8

GROWING IN COMPASSION AND SERVICE

Year 8 has begun the term really well, with examination preparation dominating learning time in these early weeks. We have seen much growth in maturity in the grade, exemplified by their conduct in class, in the playground, and during our year meetings and other gatherings.

Our Wellbeing focus for Term 4 is compassion and service, and as we did last year, we are supporting Anglicare's Toys and Tucker initiative through Weeks 2-5. Year 8 are leading this initiative this year for Stage 4, and we have been so pleased to see the number of students who have wanted to take on some leadership in promoting and organising this event. Last Wednesday Year 7 and 8 heard from Ruby, representing Anglicare, who provided some reasons for why giving to those who are struggling in our communities is a Godly endeavour.

At assembly last week, one of our keen music students, Daniel, performed for the whole of Senior School on his cello, which was really impressive. There is a lot of potential within our grade, and we are proud of the way so many are stepping out and taking the opportunities offered to them.

Throughout Term 4, we are encouraging Year 8 to reflect over what they have been able to achieve this year, be it in improving their learning habits, being a better friend, becoming more confident in themselves, in a particular subject or area of interest. Achievement is worth

celebrating!
