

THE ZOOMOBILE VISITS YEAR 1

This week, Year 1 students participated in an engaging Zoomobile incursion presented by Zookeeper Ryan, a qualified educator from Taronga Zoo.

The session provided students with the opportunity to learn about a variety of Australian native animals and their unique characteristics. There was great excitement as students observed a possum, turtle, shingleback skink, snake and a large stick insect. Many students were eager to see the animals up close and were given the opportunity to touch them under careful supervision.

The incursion was a valuable learning experience that supported students' understanding of living things and their environments.
