

GRANDPARENTS' DAY IN THE JUNIOR SCHOOL

On Friday 24 October, the Junior School came alive with excitement as we celebrated Grandparents' Day as part of National Grandparents' Day. It was a joy to welcome so many grandparents to the College and provide them with the opportunity to take part in classroom activities and see what their grandchildren have been learning throughout the year.

Families also enjoyed visiting the Book Fair, where students proudly shared their favourite stories and selected new books to take home.

Grandparents hold a special place in the lives of our students, offering love, wisdom and support across generations. This special afternoon was a wonderful way to recognise their important role and celebrate the beautiful bond between students and their grandparents.
