CO-CURRICULAR UPDATE

Celebrating Achievements and Looking Ahead: Co-Curricular Programs 2026

As 2025 draws to a close, Thomas Hassall Anglican College celebrates the many achievements of our students across classrooms, stages and sporting fields. Co-curricular programs have continued to play a vital role in this success, offering opportunities for students to grow, learn new skills, discover new passions and connect with peers beyond the classroom.

Looking ahead, registrations for the 2026 co-curricular programs are now open to all families. Our established Sports, Dance and Music Academies will return next year, providing pathways for students to develop their skills and creativity in supportive and inspiring environments.

We are also delighted to introduce several new initiatives designed to broaden student experiences:

- **STEM: Robotics (Years 7-9)** – fostering innovation and problem-solving
- **Mini Maestros (K-2)** – nurturing a love of music from the earliest years
- **Fitness Centre (Years 9-12)** – guided gym sessions designed to support senior students
- **Mini Sports (K-3)** – building fundamental skills in a fun and encouraging setting

Registrations is now available via Clipboard through the Parent Portal App.

Thomas Hassall remains committed to building a vibrant co-curricular culture where challenge

and achievement flourish. We look forward to welcoming students into another exciting year in 2026.

Mr Luke Robinson

Director of Co-curricular
