

YEAR 7 SETTLING INTO COLLEGE LIFE

The journey into Senior School has officially begun for our newest cohort. Last week Year 7 stepped into a new chapter of their education, marking a significant milestone in their schooling life.

The first day is always a mix of nerves and excitement, and today was no different. Students hit the ground running, meeting their new teachers and navigating the ins and outs of the Senior School campus for the first time.

A key part of the day was settling into their Pastoral Care classes. These groups will form the foundation of their support network over the coming years, so it was great to see them getting comfortable in their new spaces.

We look forward to watching them find their feet and grow in confidence as the term goes on.
