

LEARNING THROUGH INFORMATIVE TEXTS

This term in English, Year 3 students have been participating in a book rotation focused on informative texts and a range of engaging topics. Through these activities, students have been developing their reading, note taking and informative writing skills. Students have practised identifying key words within texts and using these words to help form effective informative sentences in their own words, a vital skill to have in this day and age. Great job Year 3 and keep up the excellent work!
